American Perfumer and Cosmetics

Index of Volume 84 **January-December, 1969**

Published by Allured Publishing Company
1031 South Boulevard, Oak Park, Illinois 60302, U.S.A.

A

Abstracts of papers given at the Annual Scientific meeting, Society of Cosmetic Chemists—January, p. 65
Abstracts of papers given at the Conference on Evaluation of Safety of Cosmetics—February, p. 68
Abstracts of papers given at the Scientific Conference, The Toilet Goods Association—June, p. 76
Abstracts of papers given at the Scientific Section, The Toilet Goods Association—January, p. 63
Abstracts of papers given at the Semi-Annual Meeting, Society of Cosmetic Chemists—June, p. 70
Accurate automatic blending solves in-process inventory problems, Flexible—Bryce Cleland, October, p. 119
Activity of different alcohols and alcohol combinations, Determining the bactericidal and fungicidal—Dr. Catherine Szerémi, July p. 37
Acute oral toxicity tests, On—Ernst Schütz, M. D., July, p. 41
Aerosol antiperspirants lead the way—James J. Martin, Jr., October, p. 101
Aerosol, Codispensing personal products—Earl Graham, October, p. 53
Aerosol containers, valves and gaskets with respect to minimizing weight loss, Comparative evaluation of—Frank J. Stanave, et al., October, p. 81
Aerosol deodorants—Dr. Hans Kuebler, October, p. 57
Aerosol Exhibition and Congress, 5th International—A. Herzka, October, p. 127
Aerosol foams, Unusual aqueous—Paul A. Sanders, October, p. 111
Aerosol formulations, a general outline—Dr. P. Sgaramella, October, p. 95
Aerosol personal products, Alcohol in—Czilla von Fenyes, October, p. 73
Aerosol products, Chlorinated solvents in personal care—Tom Anthony, et al., October, p. 93
Aerosolized personal products, Toxicological testing of—R. P. Giovacchini, et al., October, p. 63
Aerosols, Powder and suspension type—A. Iannacone, October, p. 107
Aerosols, Sunscreen and insect repellent—Allen B. Reed, October, p. 115
Aerosols, the new look—Dr. Richard K. Lehne, et al., October, p. 73
Aerosols, Topical pharmaceutical—John J. Sciarra, Ph. D., et al., October, p. 77
Age, Sensory responses and—R. W. Moncrieff, November, p. 33
Alcohol in aerosol personal products—Czilla von Fenyes, October, p. 73
Alcohols and alcohol combinations, Determining the bactericidal and fungicidal activity of different—Dr. Catherine Szerémi, July, p. 37
Alkanolamines, Shampoos using—A. D. McMahan, April, p. 55
Aloe vera juice, An appraisal of—Gunnar Gjerstad, May, p. 43
American Society of Perfumers, 15th Annual Symposium—June, p. 33
Amine oxides—Byron E. Marsh, December, p. 37
Amphoteric surfactants in shampoo formulations—Albert Shansky, May, p. 47
A novel approach to odor design—Harry C. Saunders, June, p. 51
An appraisal of Aloe vera juice—Gunnar Gjerstad, May, p. 43
Anion-active emulsifiers, Examination of the efficiency of preservatives in—G. Schuster, et al., February, p. 37
Antiperspirants lead the way, Aerosol—James J. Martin, Jr., October, p. 101
A practical look at critical factors in emulsion systems—Henry F. Maso, et al., January, p. 53
Application to the skin, Preservation of preparations for—G. Sykes, et al., July, p. 45
Aqueous aerosol foams, Unusual—Paul A. Sanders, October, p. 111
Australian cosmetics-toiletries, Future growth of—G. H. B. Pratt, January, p. 41

B

Bactericidal and fungicidal activity of different alcohols and alcohol combinations, Determining the—Dr. Catherine Szerémi, July, p. 37
Beauty products, French Government Regulations for hair, personal hygiene, and—April, p. 66
Beverage bases, Citrus seed clouding agent for—J. W. Kesterson, et al., April, p. 37
Blending solves in-process inventory problems, Flexible, accurate automatic—Bryce Cleland, October, p. 119

C

(The) Camphor and ho oil industry of Japan—Ernest Guenther, Ph.D, April, p. 31
(The) Camphor and ho oil industry of Taiwan—Ernest Guenther, Ph.D, March, p. 51
Chemical compounds, Intrinsic mosquito repellency values of some—D. J. Burton, April, p. 41
Chemical research by a small aromatics company, Perfume—Salvatore D'Andrea, June, p. 49
Chlorinated solvents in personal care aerosol products—Tom Anthony, et al., October, p. 93
Citrus oils. I. Lemon and lime oils, Spectrophotofluorometric and ultraviolet comparisons of Florida, California, Arizona, and Mexican—J. W. Kesterson, et al., March, p. 41
Citrus seed clouding agent for beverage bases—J. W. Kesterson, et al., April, p. 37
Coagulation and flocculation phenomena, Conceptual clarification of the—Bernard Ecanow, et al., November, p. 30

Aqueous aerosol foams, Unusual—Paul A. Sanders, October, p. 111
Australian cosmetics-toiletries, Future growth of—G. H. B. Pratt, January, p. 41

B

Bactericidal and fungicidal activity of different alcohols and alcohol combinations, Determining the—Dr. Catherine Szerémi, July, p. 37
Beauty products, French Government Regulations for hair, personal hygiene, and—April, p. 66
Beverage bases, Citrus seed clouding agent for—J. W. Kesterson, et al., April, p. 37
Blending solves in-process inventory problems, Flexible, accurate automatic—Bryce Cleland, October, p. 119

C

(The) Camphor and ho oil industry of Japan—Ernest Guenther, Ph.D, April, p. 31
(The) Camphor and ho oil industry of Taiwan—Ernest Guenther, Ph.D, March, p. 51
Chemical compounds, Intrinsic mosquito repellency values of some—D. J. Burton, April, p. 41
Chemical research by a small aromatics company, Perfume—Salvatore D'Andrea, June, p. 49
Chlorinated solvents in personal care aerosol products—Tom Anthony, et al., October, p. 93
Citrus oils. I. Lemon and lime oils, Spectrophotofluorometric and ultraviolet comparisons of Florida, California, Arizona, and Mexican—J. W. Kesterson, et al., March, p. 41
Citrus seed clouding agent for beverage bases—J. W. Kesterson, et al., April, p. 37
Coagulation and flocculation phenomena, Conceptual clarification of the—Bernard Ecanow, et al., November, p. 30

Codispensing personal products aerosol—Earl Graham, October, p. 53
Colloidal systems, Transparent gelation in—Albert Shansky, September, p. 31
Color measuring and matching, Instrumental—W. Braun January, p. 43
Colorimetric assay of thymol in volatile oils—M. S. Karawya, et al., September, p. 23
Comparative evaluation of aerosol containers, valves and gaskets with respect to minimizing weight loss—Frank J. Stanave, et al., October, p. 81
Compressed powders in cosmetic use—Philip Alexander, April, p. 45
Computers, Essential oils, gas chromatography and—Harry McDaniel, June, p. 34
Computing perfume formulas, Method for—Rudolf Em. Randebrock, Ph. D., June, p. 59
Conceptual clarification of the coagulation and flocculation phenomena—Bernard Ecanow, et al., November, p. 27
Contamination in industry, Microbiological—C. L. Frank, January, p. 49
Control specifications and standards, Products—G. C. Burgess, January, p. 57
(The) Cosmetic industry in South Africa—Alec Rimer, February, p. 57
Cosmetic industry, Trends and needs of the—M. G. deNavarre, February, p. 47
Cosmetic market, Some observations on the European —Marcel J. Suter, September, p. 35
Cosmetic research, Radioisotopes and their application in—Martin I. Blake, Ph.D., May, p. 35
Cosmetic research, The scanning electron microscope in—Leszek J. Wolfram, Ph.D., July, p. 29
Cosmetics, Dutch Government Regulations on—March, p. 61
Cosmetics and the poison control center—Henry L. Verhulst, et al., November, p. 35
Cosmetics in the European Common Market countries, Regulations applicable to perfumes and—August, p. 53
Cosmetics-toiletries, Future growth of Australian—G. H. B. Pratt, January, p. 41
Critical factors in emulsion systems, A practical look at—Henry F. Maso, et al., January, p. 53
Czechosolovakia, Development of sun filters in—Dr. O. Fertek, et al., February, p. 65

D

Denaturant formulas, Revisions: S.D.A. 40—W. J. Zahorchak, June, p. 65
Deodorants, Aerosol—Dr. Hans Kuebler, October, p. 57
Dermal responses to the environment—C. B. West, D.Sc., November, p. 45
Dermatitis, The mechanism of—Dr. Bruce S. Mackie, January, p. 37
Designing a toiletry fragrance, Perfume engineering—Dr. Herman E. Jass, June, p. 45
Determining the bactericidal and fungicidal activity of different alcohols and alcohol combinations—Dr. Cartherine Szerémi, July, p. 37
Development of sun filters in Czechoslovakia—Dr. O. Fertek, et al., February, p. 65
Developments in international regulation of flavoring substances—Peter Barton Hutt, July, p. 33
Dutch Government Regulations on Cosmetics—March, p. 61

E

(The) Effect of nerves upon the skin—Ray O. Noojin, M.D., August, p. 47
Emulsifier, Evaluation of hydrogenated lanolin, a new water-in-oil—Virginia U. Castillo, et al., December, p. 41
Emulsifiers by the optimal emulsion method, Study of the relative hydrophilicity of—Georges Rimlinger, May, p. 31
Emulsifiers, Examination of the efficiency of preservatives in anionactive—G. Schuster, et al., February, p. 37
Emulsion systems, A practical look at critical factors in —Henry F. Maso, et al., January, p. 53
Emulsions in theory and practice—A. E. Alexander, January, p. 27
Essential oils, gas chromatography and computers—Harry McDaniel, June, p. 34
Ethanol-water based preparations—D. N. Burton, November, p. 37
European Common Market countries, Regulations applicable to perfumes and cosmetics in the—August, p. 53
European cosmetic market, Some observations on the—Marcel J. Suter, September, p. 35
Evaluation of hydrogenated lanolin, a new water-in-oil emulsifier—Virginia U. Castillo, et al., December, p. 41
Examination of the efficiency of preservatives in anionactive emulsifiers—G. Schuster, et al., February, p. 37

F

5th International Aerosol Exhibition and Congress—A. Herzka, October, p. 127
15th Annual Symposium, American Society of Perfumers—June, p. 33
Film formers for nail enamels, Other—John A. Peirano, August, p. 35
Flavoring substances, Developments in international regulation of—Peter Barton Hutt, July, p. 33
Flexible, accurate automatic blending solves in-process inventory problems—Bryce Cleland, October, p. 119
Flocculation phenomena, Conceptual clarification of the coagulation and—Bernard Ecanow, et al., November, p. 30
Florida expressed tangelo oil—J. W. Kesterson, et al., May, p. 51
Foams, Unusual aqueous aerosol—Paul A. Sanders, October, p. 111
Formulation, Incense, its history and—Joseph P. Parentini, August, p. 49
Formulations, a general outline, Aerosol—Dr. P. Sgaramella, October p. 95
Foundations in perfumery, Physical. VII. Odor tonality —Louis Appell, February, p. 53
Foundations in perfumery, Physical. VIII. The Minimum perceptible—Louis Appell, March, p. 45
Foundations in perfumery, Physical. IX. Odorimetric methods—Louis Appell, August, p. 41
Fragrances, New day in—Paul G. I. Lauffer, Ph.D., April, p. 53
French Government Regulations for hair, personal hygiene, and beauty products—April, p. 66
Fungicidal activity of different alcohols and alcohol combinations, Determining the bactericidal and—Dr. Catherine Szerémi, July, p. 37
Future growth of Australian cosmetics-toiletries—G. H. B. Pratt, January, p. 41

G

Gas chromatography and computers, Essential oils—Harry McDaniel, June, p. 34
Gelation in colloidal systems, Transparent—Albert Shansky, September, p. 31

H

Hair, personal hygiene, and beauty products, French Government Regulations for—April, p. 66
Ho oil industry of Japan, The camphor and—Ernest Guenther, Ph.D., April, p. 31
Ho oil industry of Taiwan, The camphor and—Ernest Guenther, Ph.D., March, p. 51
Hydrogenated lanolin a new water-in-oil emulsifier, Evaluation of—Virginia U. Castillo, et al., December, p. 41
Hydrophilicity of emulsifiers by the optimal emulsion method, Study of the relative—Georges Rimlinger, May, p. 31

I

Incense, its history and formulation—Joseph P. Parentini, August, p. 49
Infrared spectra of oxygenated terpenes—Bernard M. Mitzner, et al., September, p. 37
Infrared spectroscopy in skin analysis, MIR—William P. Ferren, Ph.D., December, p. 27
In-process inventory problems, Flexible, accurate automatic blending solves—Bryce Cleland, October, p. 119
Insect repellent aerosols, Sunscreen and—Allen B. Reed, October, p. 115
Instrumental color measuring and matching—W. Braun, January, p. 43
International regulation of flavoring substances, Developments in —Peter Barton Hutt, July, p. 33
Intrinsic mosquito repellency values of some chemical compounds—D. J. Burton, April, p. 41
Is perfumery big business? One potato, two potatoes—Henry G. Walter, Jr., June, p. 41

J

Japan, The Camphor and ho oil industry of—Ernest Guenther, Ph.D., April, p. 31

L

Lanolin, a new water-in-oil emulsifier, Evaluation of hydrogenated—Virginia U. Castillo, et al., December, p. 41
Lanolin acid esters, New—M. J. D. van Dam, Ph.D., August, p. 37
Lemon and lime oils. Spectrophotofluorometric and ultraviolet comparisons of Florida, California, Arizona, and Mexican citrus oils. I.—J. W. Kesterson, et al., March, p. 41
(The) Lemon oil crisis—Bernard P. Champon, June, p. 43
Liquids, Some aspects of the mixing of—J. A. Skidmore, January, p. 31

M

(The) Mechanism of dermatitis—Dr. Bruce S. Mackie, January, p. 37
Method for computing perfume formulas—Rudolf Em. Randebrock, Ph.D., June, p. 59
Metrication, a tool for industrial efficiency, a necessity for international trade—Gustav Carsch, June, p. 37
Microbiological contamination in industry—C. L. Frank, January, p. 49
(The) Minimum perceptible. Physical foundations in perfumery. VIII—Louis Appell, March, p. 45
MIR Infrared spectroscopy in skin analysis—William P. Ferren, Ph.D., December, p. 27
Mixing of liquids, Some aspects of the—J. A. Skidmore, January, p. 31
Mosquito repellency values of some chemical compounds, Intrinsic—D. J. Burton, April, p. 41

N

Nail enamels, Other film formers for—John A. Peirano, August, p. 35
National Folding Carton Competition awards—April, p. 64
Needs of the cosmetic industry, Trends and—M. G. deNavarre, February, p. 47
Nerves upon the skin, The effect of—Ray O. Noojin, M.D., August, p. 47
New day in fragrances—Paul G. I. Lauffer, Ph.D., April, p. 53
New lanolin acid esters—M. J. D. van Dam, Ph.D., August, p. 37
Newer aspects of suspension theory—Bernard Ecanow, et al., November, p. 27
(A) Novel approach to odor design—Harry C. Saunders, June, p. 51

O

Odor design, A novel approach to—Harry C. Saunders, June, p. 51
Odor, The sensation of—Dr. Herbert P. Fiedler, September, p. 25
Odor tonality. Physical foundations in perfumery. VII. —Louis Appell, February, p. 53
Odorimetric methods. Physical foundations in perfumery. IX.—Louis Appell, August, p. 41
On acute oral toxicity tests—Ernst Schütz, M.D., July, p. 41
One potato, two potatoes. Is perfumery big business?—Henry G. Walter, Jr., June, p. 41
Other film formers for nail enamels—John A. Peirano, August, p. 45
Oxides, Amine—Byron E. Marsh, December, p. 37
Oxygenated terpenes, Infrared spectra of—Bernard M. Mitzner, et al., September, p. 37

P

Perfume chemical research by a small aromatics company—Salvatore D'Andrea, June, p. 49
Perfume engineering, designing a toiletry fragrance—Dr. Herman E. Jass, June, p. 45
Perfume formulas, Method for computing—Rudolf Em. Randebrock, Ph.D., June, p. 59
Perfumery materials, Progress in—Paul Bedoukian, Ph.D., March p. 29
Perfumes and cosmetics in the European Common Market countries, Regulations applicable to—August, p. 53
Personal hygiene, and beauty products, French Government Regulations for hair—April, p. 66
Pharmaceutical aerosols, Topical—John J. Sciarra, Ph.D., et al., October, p. 77
Phenylmercuricdinaphthylmethane disulphonate: a cosmetic preservative—I. R. Gucklhorn, AIST, December, p. 49
Physical foundations in perfumery. VII. Odor tonality—Louis Appell, February, p. 53
Physical foundations in perfumery. VIII. (The) Minimum perceptible—Louis Appell, March, p. 45
Physical foundations in perfumery. IX. Odorimetric methods—Louis Appell, August, p. 41
Poison control center, Cosmetics and the—Henry L. Verhulst, et al., November, p. 35
Powder and suspension type aerosols—A. Iannacone, October, p. 107
Powders in cosmetic use, Compressed—Philip Alexander, April, p. 45
(A) Practical look at critical factors in emulsion systems —Henry F. Maso, et al., January, p. 53

Preservation of preparations for application to the skin –G. Sykes, et al., July, p. 45
Preservatives in anion-active emulsifiers, Examination of the efficiency of–G. Schuster, et al., February, p. 37
Preservative, Phenylmercuricdinaphthylmethane disulphonate: a cosmetic–I. R. Gucklhorn, AIST, December, p. 49
Products control specifications and standards–G. C. Burgess, January, p. 57
Progress in perfumery materials–Paul Bedoukian, Ph.D., March, p. 29

Q

Quality control–Stanley Stavropoulos, October, p. 87

R

Radioisotopes and their application in cosmetic research –Martin I. Blake, Ph.D., May, p. 35
Regulations applicable to perfumes and cosmetics in the European Common Market countries–August, p. 53
Regulations for hair, personal hygiene, and beauty products, French Government–April, p. 66
Regulations on cosmetics, Dutch Government–March, p. 61
Regulations on toilet preparations, Swiss Government –March, p. 64
Relative hydrophilicity of emulsifiers by the optimal emulsion method, Study of the–Georges Rimlinger, May, p. 31
Review of the 1969 S. C. C. Seminar–Bernard Ecanow, October, p. 131
Revisions: S. D. A. 40 Denaturant formulas–W. J. Zahorchak, June, p. 65

S

Sachets–Joseph P. Parentini, December, p. 47
(The) Scanning electron microscope in cosmetic research–Leszek J. Wolfram, Ph.D., July, p. 29
S. C. C. Seminar, Review of the 1969–Bernard Ecanow, October, p. 107
S. D. A. 40 Denaturant formulas, Revisions–W. J. Zahorchak, June, p. 65
(The) Sensation of odor–Dr. Herbert P. Fiedler, September, p. 25
Sensory responses and age–R. W. Moncrieff, November, p. 33
Sensory terminology–Guenther Th. Zausch, March, p. 57
Shampoo formulations, Amphoteric surfactants in–Albert Shansky, May, p. 47
Shampoos using alkanolamines–A. D. McMahan, April, p. 59
Skin analysis, MIR Infrared spectroscopy in–William P. Ferren, Ph.D., December, p. 27
Skin, Preservation of preparations for application to the –G. Sykes, et al., July, p. 45
Skin, The effect of nerves upon the–Ray O. Noojin, M.D., August, p. 47
Solvents in personal care aerosol products, Chlorinated –Tom Anthony, et al., October, p. 93
Some aspects of the mixing of liquids–J. A. Skidmore, January, p. 31
Some observations on the European cosmetic market–Marcel J. Suter, September, p. 35
South Africa, The Cosmetic industry in–Alec Rimer, February, p. 57
Specifications and standards, Products control–G. C. Burgess, January, p. 57
Spectrophotofluorometric and ultraviolet comparisons of Florida, California, Arizona, and Mexican citrus oils. I. Lemon and lime oils–J. W. Kesterson, et al., March, p. 41
Study of the relative hydrophilicity of emulsifiers by the optimal emulsion method–Georges Rimlinger, May, p. 31
Sun filters in Czechoslovakia, Development of–Dr. O. Fertek, et al., February, p. 65
Sunscreen and insect repellent aerosols–Allen B. Reed, October, p. 115
Suspension theory, Newer aspects of–Bernard Ecanow, et al., November, p. 27
Suspension type aerosols, Powder and–A. Iannacone, October, p. 107
Swiss Government Regulations on toilet preparations–March, p. 64

T

Taiwan, The Camphor and ho oil industry in–Ernest Guenther, Ph.D., March, p. 51
Tangelo oil, Florida expressed–J. W. Kesterson, et al., May, p. 51
Terminology, Sensory–Guenther Th. Zausch, March, p. 57
Terpenes, Infrared spectra of oxygenated–Bernard M. Mitzner, et al., September, p. 37
The Camphor and ho oil industry of Japan–Ernest Guenther, Ph.D., April, p. 31
The Camphor and ho oil industry of Taiwan–Ernest Guenther, Ph.D., March, p. 51
The Cosmetic industry in South Africa–Alex Rimer, February, p. 57
The Effect of nerves upon the skin–Ray O. Noojin, M.D., August, p. 47
The Lemon oil crisis–Bernard P. Champon, June, p. 43
The Mechanism of dermatitis–Dr. Bruce S. Mackie, January, p. 37
The Scanning electron microscope in cosmetic research –Leszek J. Wolfram, Ph.D., July, p. 29
The Sensation of odor–Dr. Herbert P. Fiedler, September, p. 25
Thymol in volatile oils, Colorimetric assay of–M. S. Karawya, et al., September, p. 23
Toiletries, Future growth of Australian cosmetics–G. H. B. Pratt, January, p. 41
Toiletry fragrance, Perfume engineering, designing a–Dr. Herman E. Jass, June, p. 45
Topical pharmaceutical aerosols–John J. Sciarra, Ph.D., et al., October, p. 77
Toxicity tests, On acute oral–Ernst Schütz, M.D., July p. 41
Toxicological testing of aerosolized personal products–R. P. Giovacchini, et al., October, p. 63
Transparent gelation in colloidal systems–Albert Shansky, September, p. 31
Trends and needs of the cosmetic industry–M. G. de-Navarre, February, p. 47

U

Ultraviolet comparisons of Florida, California, Arizona, and Mexican citrus oils, Spectrophotofluorometric and. I. Lemon and lime oils–J. W. Kesterson, et al., March, p. 41
Unusual aqueous aerosol foams–Paul A. Sanders, October, p. 111

V

Volatile oils, Colorimetric assay of thymol in–M. S. Karawya, et al., September, p. 23

W

Weight loss, Comparative evaluation of aerosol containers, valves and gaskets with respect to minimizing –Frank J. Stanave, et. al., October, p. 81
